

LOOKING FOR A TOURNAMENT CLUB?

WE ARE THE PREMIER TOURNAMENT GOLF CLUB IN SOUTHERN CALIFORNIA!

FOR THE LOVE OF THE GAME

The WCGC has established an association built of golfers who have a united bond of love for the game of golf. Our club's primary objective is to promote a fraternity to conserve the best interests and true spirit of the game of golf. With that in mind, we founded the finest club in Southern California. You'll find that we're not "just another golf club" because with West Coast Golf Club you're "not just another golfer". Although most of our tournaments are handicap stroke formats, some of our events are based on various PGA formats like The International. We even have a multi-day, 72 hole, travel event called The Tradition.

What about our prizes? Are you tired of playing for trophies that you don't want? West Coast Golf Club has devised a unique prize pay called "The Player's Fund". Each of our tournament's prize packages average approximately \$1,600 in WCGC scrip and with our Player's Fund you can save those scrip dollars and turn them into great prizes. The best part of our prize system? YOU pick your prize! Of course you always have the option of taking the cash!

Of course, tournaments are not our only game! Our members can enjoy great tee times available each month without participating in the tournaments. No matter what you choose, a tournament or a simple round of golf, while playing with the WCGC you can meet new friends, network, or even entertain clients. Our member's guests are always welcome at all of our events.

TOURNAMENTS ARE OUR GAME

West Coast Golf Club offers an exciting 16 event schedule for the 2010 Tour. A few of the courses we have scheduled for 2010 include: Soboba Springs, The Crossings at Carlsbad, La Costa Resort, Oak Creek Golf Club The Links at Summerly, East Valley Golf Club and many more.

West Coast Golf Club tournaments are played on a 3-4 flight handicap system so you will always compete against players of your same ability. And with each tournament prize package averaging approximately \$1,600, the top four to six players in each flight always receive substantial cash or scrip prizes.

In fact the WCGC has one of the highest payout percentages anywhere! A minimum of 30% of the field will ALWAYS walk away with a prize and this number can go as high as 35% depending on the number of players and flights. This is almost unheard of in any other golf club.

Unlike most other clubs, we keep track of our member's statistics in the following categories: Points, Earnings, Gross Average, Net Average, Pars, and Birdies. Come out on top of the Points category and you will become the WCGC Player of the Year earning you \$150 and a trophy. Once the Tour is complete at the end of each year, all current members can compete in our Player's Championship for the title of WCGC Club Champion and the opportunity to represent West Coast Golf Club at the SCGA Affiliate Club Championship in December.
